

## **IMPORTANT NOTICE**

### **CMPF COVID-19 Update**

November 12, 2021

Both Provincial and Municipal governments are relaxing safety measures and CMP's objective is to follow recommended guidelines effective immediately.

The following are CMP's current vaccination statistics:

Residents & Staff: Fully Vaccinated	Residents: Not Yet Vaccinated	Residents: Booster Shot
<b>98</b>	<b>19</b>	<b>58</b>
<b>84%</b>	<b>16%</b>	<b>50%</b>

\*Residents & Staff total = 116

The CMPF Board strongly encourages all residents to get vaccinated. Being vaccinated is your best defense against severe illness due to COVID-19, protecting your family and neighbours in the process.

## **MASKING AND SOCIAL DISTANCING**

We remind all residents and their families that COVID-19 and its emerging variants continue to present a danger to the health of CMP residents and staff.

As such, CMP requires all residents, staff and visitors to continue to comply with and follow all implemented protocols and procedures.

This includes **always wearing a mask when exiting your apartment and physical distancing 6-feet apart.**

## **MANDATORY VACCINATION REQUIREMENT:**

As of October 1<sup>st</sup> 2021, all visitors, contractors, third-party service providers and volunteers are required to be fully vaccinated against COVID-19 in order to access CMP.

Proof of vaccination must be shown to the security personnel at the entrance of CMP. This means a vaccination receipt from the Ministry of Health and a government-issued photo ID are both required. An enhanced digital vaccination receipt will be accepted once it is made available.

“Fully vaccinated” means that at least 14 days have passed since the receipt of the second dose of a two-dose vaccine series, or one dose of a single-dose vaccine approved by Health Canada. CMP reserves the right to amend the definition of “fully vaccinated” in the event public health recommendations change, and this includes boosters and/or additional vaccinations.
