CMPF COVID-19 Bulletin:

Canadian Macedonian Place will be CLOSED to all Visitors

How CMPF is supporting residents and staff:

The Canadian Macedonian Place Foundation Board of Directors has CLOSED Canadian Macedonian Place to all visitors in response to COVID-19.

Essential services such as Personal Support Workers (PSWs); emergency repair workers, and CMP staff are all being screened daily prior to access.

CMP Residents have been Asked and Advised to:

- Stay inside their apartments
- Cancel routine appointments,
- Follow COVID-19 self-assessment guidelines
- If feeling unwell:
 - Contact Telehealth Ontario 1-866-797-0000
 - Advise CMP office staff

Residents returning from outside of Canada have been told to self-isolate for 14 days.

The front door entrance to CMP is being monitored by a security guard 24/7.

All essential service personnel are being signed in and out by security as part of the screening process.

CMP is asking family members NOT to visit residents. Family members can, however, leave food for residents at the front door entrance.

Grocery, medicine and take out food deliveries will be left at the front door entrance. Tenants will be notified when their deliveries arrive. Tenants should practice social distancing when picking up deliveries.

Goods will only be delivered to tenants who are not mobile.

Public Health Ontario is recommending frequently touched surfaces be cleaned twice per day. CMP is following these guidelines and more.

CMP cleaning staff are operating on a split shift at 9am-12noon and 5pm-9pm. Frequently touched surfaces are being cleaned four times per day.

Contact Telehealth Ontario 1-866-797-0000 and speak with registered nurse if you are feeling unwell or are experiencing symptoms.
