## **CMPF COVID-19 Bulletin:**

### **To the Families of Residents and Supporters of CMP**

CMPF Board of Directors is pleased to advise that our home remains FREE of COVID-19.

This positive outcome is a direct result of the proactive precautions and protocols implemented since the outset of the pandemic, and that continue on today.

Unfortunately, cases of COVID-19 continue rising throughout Ontario. Toronto and Peel region are currently in lockdown with the possibility of more municipalities locking down soon. Toronto, Peel and York Regions are all reporting a significant rise in cases this month.

Our goal is to keep the staff and residents of CMP safe and to continue to keep our home free of COVID-19. In order to accomplish this, we ask for vigilance and cooperation from our residents and their families in following the rules and protocols implemented by our Board on the advice of public health officials and doctors.

We thank everyone for their cooperation in keeping our residents and staff safe and healthy and we rely on your continued support to sustain this mission and ensure ongoing success.

The following is a reminder of continuing protocols now in effect:

- Wearing a MASK is MANDATORY inside the BUILDING at all times
- All INDOOR COMMON AREAS will remain CLOSED
- CMP will remain CLOSED to VISITORS
- Two outdoor heaters are operating on the front patio. RESIDENTS can visit with their families OUTSIDE in this area to keep warm.
- RESIDENTS must physically distance at least 6-feet apart when meeting with family members.
- Agency Cleaning Services will continue.
- RESIDENTS are NOW allowed TWO cleaning service visits per month
- RESIDENTS using the PSW service must use the cluster care method allowing for one PSW for the building, Monday to Friday
- Any RESIDENT who has been away from CMP for 24-hours or more MUST FOLLOW QUARANTINE PROTOCOLS for 14-days immediately upon return OR produce Negative COVID test

Finally, restrictions, protocols and procedures will be re-evaluated on February 1, 2021, and any further amendments will be announced shortly thereafter.

The health and wellbeing of our residents remains the #1 priority of the CMPF Board.

CMPF Board wishes your family a Merry Christmas and a happy and healthy New Year.

George Markou

President, CMP Foundation
